## EDUCATION

**BENNETT UNIVERSITY, Greater Noida**  
*BCA (Computer Applications) - CGPA - 9.8*

**2022-2025**  
*Greater Noida, Uttar Pradesh*

**PIONEER CONVENT SCHOOL, Indore**  
*CBSE (Class XII) - PERCENTAGE - 72*

**2022**  
*Indore, Madhya Pradesh*

**O.P. JINDAL SCHOOL, Raigarh**  
*CBSE (Class X) - PERCENTAGE - 90.4*

**2020**  
*Raigarh, Chhattisgarh*

## Experience

### Biogen Scientific

**August 2024 - January 2025**

*Full Stack Developer Intern*

- Revamped the company's main webpage using React, enhancing interactivity, responsiveness, and user experience.
- Designed responsive layouts for seamless multi-device functionality, reducing bounce rates.
- Collaborated with the design team to align the interface with modern UI/UX standards.
- Streamlined internal operations management by integrating efficiency-focused features.
- Optimized the codebase for maintainability and scalability using React and JavaScript best practices.

## PROJECTS

### Anime Streaming Platform (MERN stack)

**October 2024**

- Developed a web application for a free anime streaming platform with a diverse library of TV shows, movies, and OVAs across multiple genres.
- Implemented a robust content management system and designed a responsive interface to enhance user experience.

### Nourish Together (Node.js, PostgreSQL, JS, EJS)

**March 2024**

- Built a web application connecting canteens with people in need, reducing food waste by approximately 35%.
- Developed efficient matching algorithms and real-time notifications, improving food redistribution efficiency by 50%.

### FOOD-a-DICT (Wix)

**January 2024**

- Created a Wix-based platform to simplify online food ordering, table booking, and dine-in reservations.
- Integrated secure payments, real-time order tracking, and responsive design to enhance customer experience.
