Profile

Dedicated and aspiring Full Stack Web Developer with a strong passion for creating innovative web solutions. Seeking an internship to apply and enhance my skills in full stack web development.

Education

Bachelor of Computer Applications (CGPA: 9.88) School of Engineering & Applied Sciences, Bennett University, Greater Noida, India	May 2025
Class XII (CBSE) , (CGPA: 7.7) Pioneer Convent School, Indore, Madhya Pradesh, India	May 2022
Class X (CBSE) , (CGPA: 9.5) O.P. Jindal School, Raigarh, Chhattisgarh, India	May 2020

Projects

Anime Streaming Platform (MERN stack) • Developed a web application for a free anime streaming platform, featuring a diverse library of TV shows, movies, and OVAs across multiple genres, including action, romance, and comedy. Enhanced user experience through a responsive design and implemented a robust content management system for seamless updates.	October 2024
Nourish Together (Node.js, PostgreSQL, JavaScript, EJS) • Built a web application that connects canteens with people in need, achieving approximately 35% reduction in food waste. Implemented efficient matching algorithms and real-time notifications, increasing food redistribution efficiency by 50%.	March 2024
FoodFolio (Flutter, Django) • Engineered an application for efficient storage and management of personal food recipes, enhancing user experience by 40%. Integrated cloud advanced search functionalities, boosting recipe retrieval speed by 60%.	Jan 2024
FOOD-a-DICT (Node.js, PostgreSQL, JavaScript, React, Axios) • Designed a Web-App leveraging a RESTful API to fetch and display food details from the web improving Data accuracy by 45%. Optimized front-end performance, resulting in a 30% reduction in load time.	Nov 2023
The Anime Database (Node.js, PostgreSQL, JavaScript, Axios) • Created a comprehensive web application that manages anime details using a RESTful API and database integration. Enhanced data retrieval speed by 50% and user interface by 25%, leading to a 35% increase in user retention.	August 2023

Certifications

• Certified in Full Stack Web Development (Udemy)	Jan 2024
---	-----------------

Key Skills

- **Languages:** JavaScript | C++ | Python | Java | SQL | HTML/CSS | Node.js | NoSQL | Flutter
- **Frameworks:** Bootstrap | React | Django
- **Technical Skills:** Data Structures and Algorithms | Cloud Computing
- **Soft Skills:** Teamwork | Content Writing | Problem Solving | Public Speaking | Versatility.

Awards & Achievements

• Awarded Dean's List Award for Second Semester and Third Semester	Jan 2024
---	-----------------

Extra- Curricular Activities

• Participated in Hackathons	2023
• Participated in Codathons	2023
